

CloseTheLook

Watch it. Own it. Wear it — **without buying it twice.**

The Problem

You See It

Celebrity look on a livestream. You're obsessed.

Your Only Options

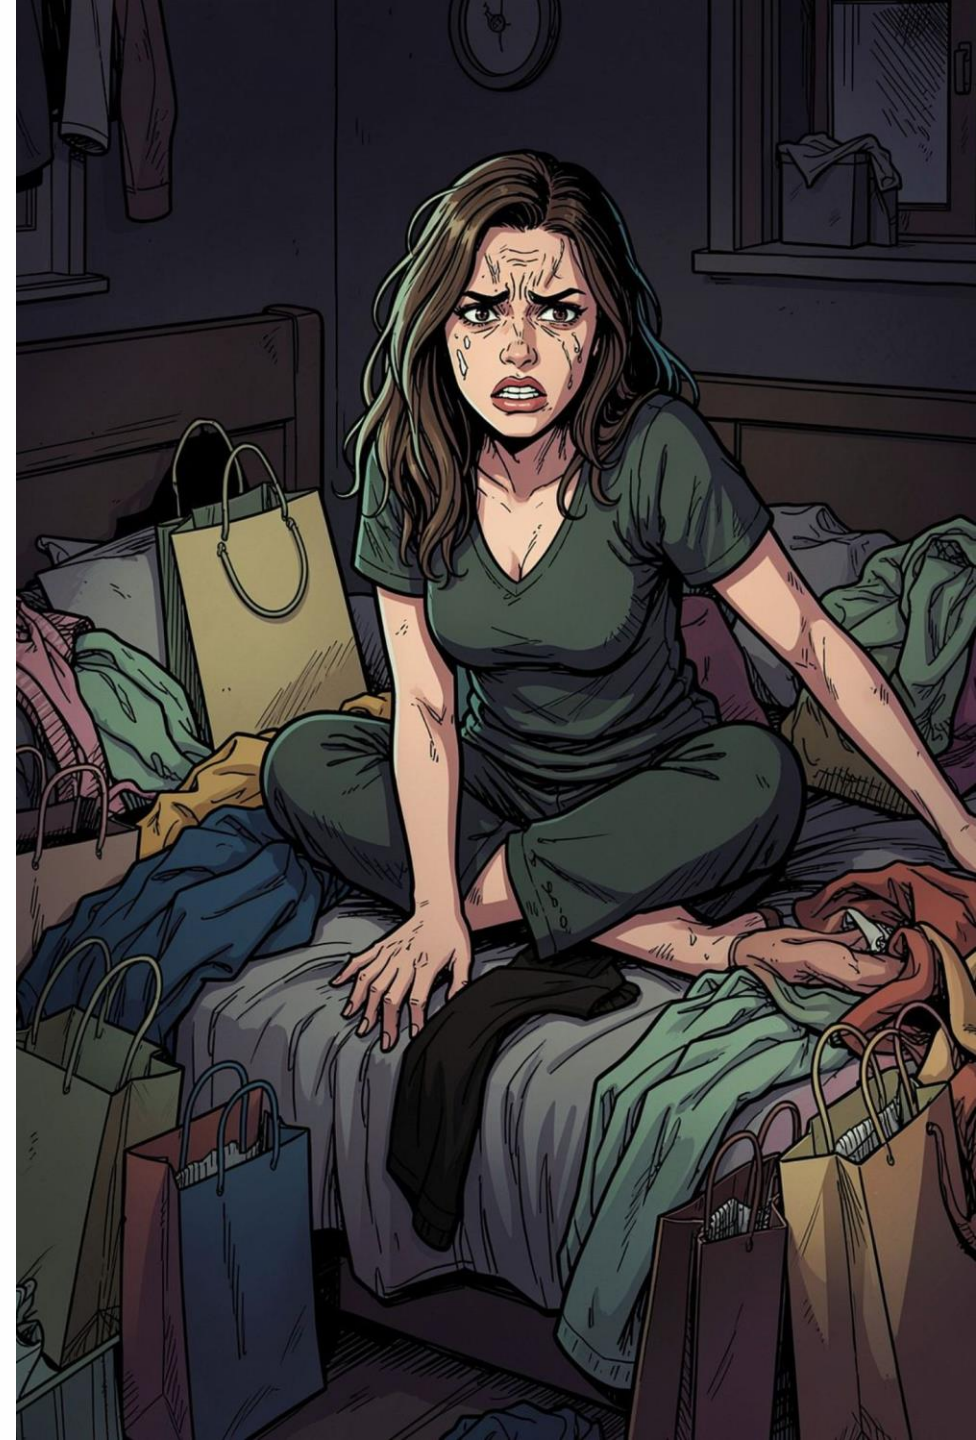

Buy the entire outfit new — or forget it forever.

The Gap

Nobody checks what you *already* own.

The Result

Overconsumption. Buyer's remorse. **Closet chaos.**

The Insight

60–90%

Already Yours

Of admired outfits already exist in
your closet

1–2

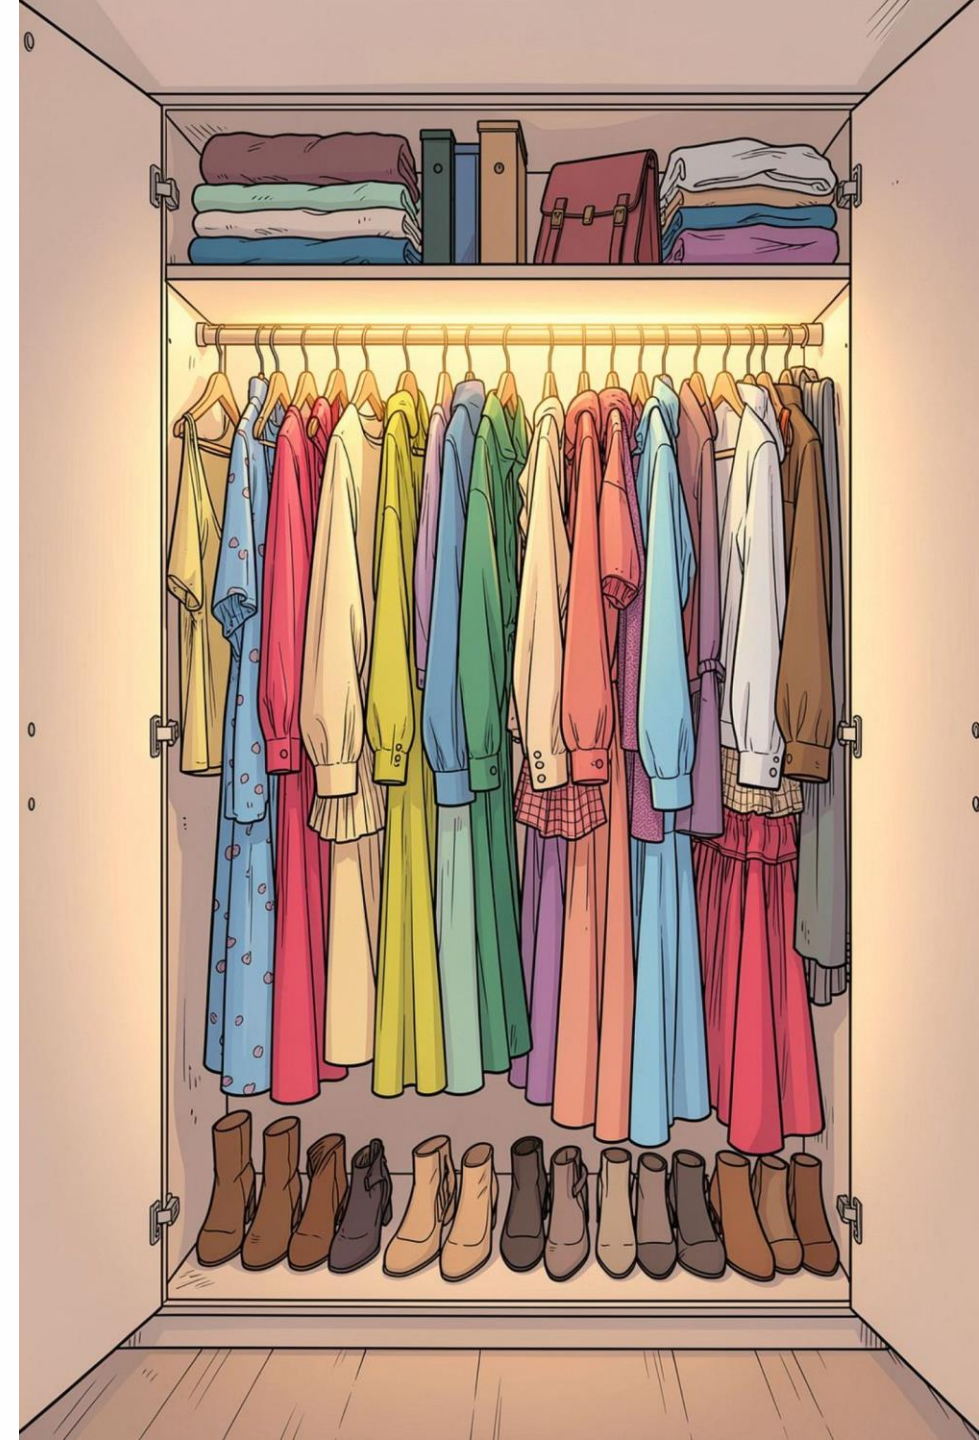

Missing Pieces

The real gap — not a whole wardrobe

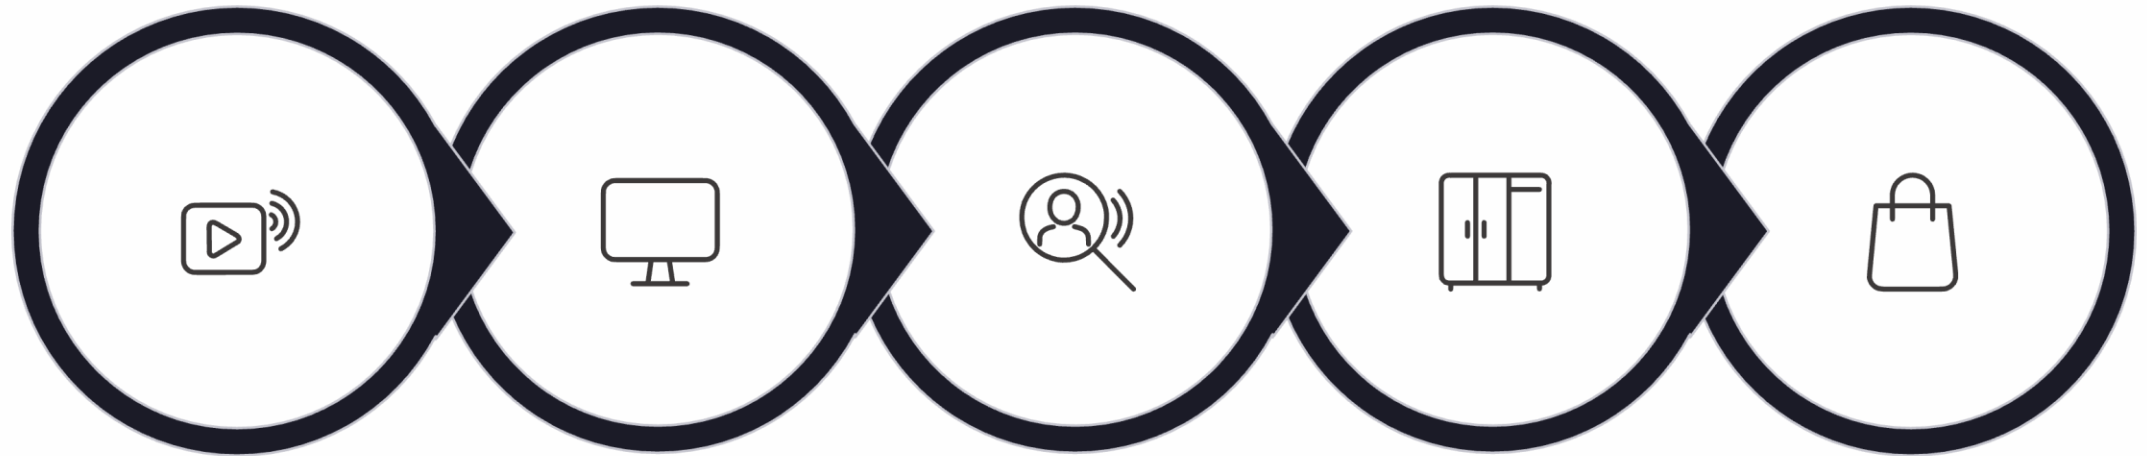

1×

Smart Shop

Match what you own. Buy only the
gap.

The Solution: 5-Step Flow

YOUR CLOSET MATCH

92%

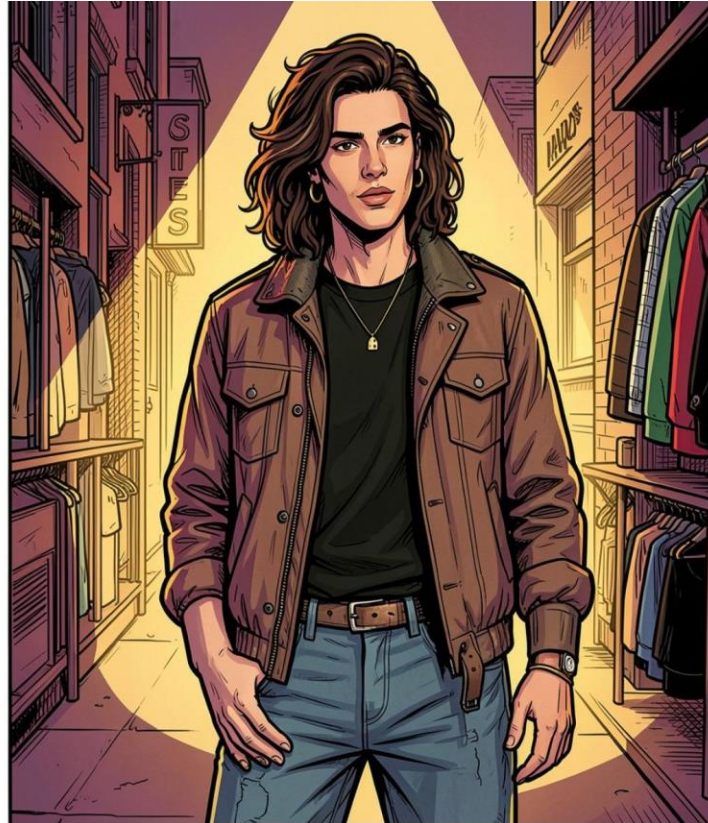

3 items already in your wardrobe

1 ITEM MISSING

Black Jacket

\$32 • 93% similar match

Why It's Different

NOT "Buy the outfit"

No more buying what you already have.

BUT "Recreate the look"

Use your closet first. Shop only the gap.

Unique Loop

Live video + AI vision + wardrobe +
commerce — all in one.

Outcome

Higher intent. Lower friction. **Sustainable shopping.**

Tech Stack

Vonage

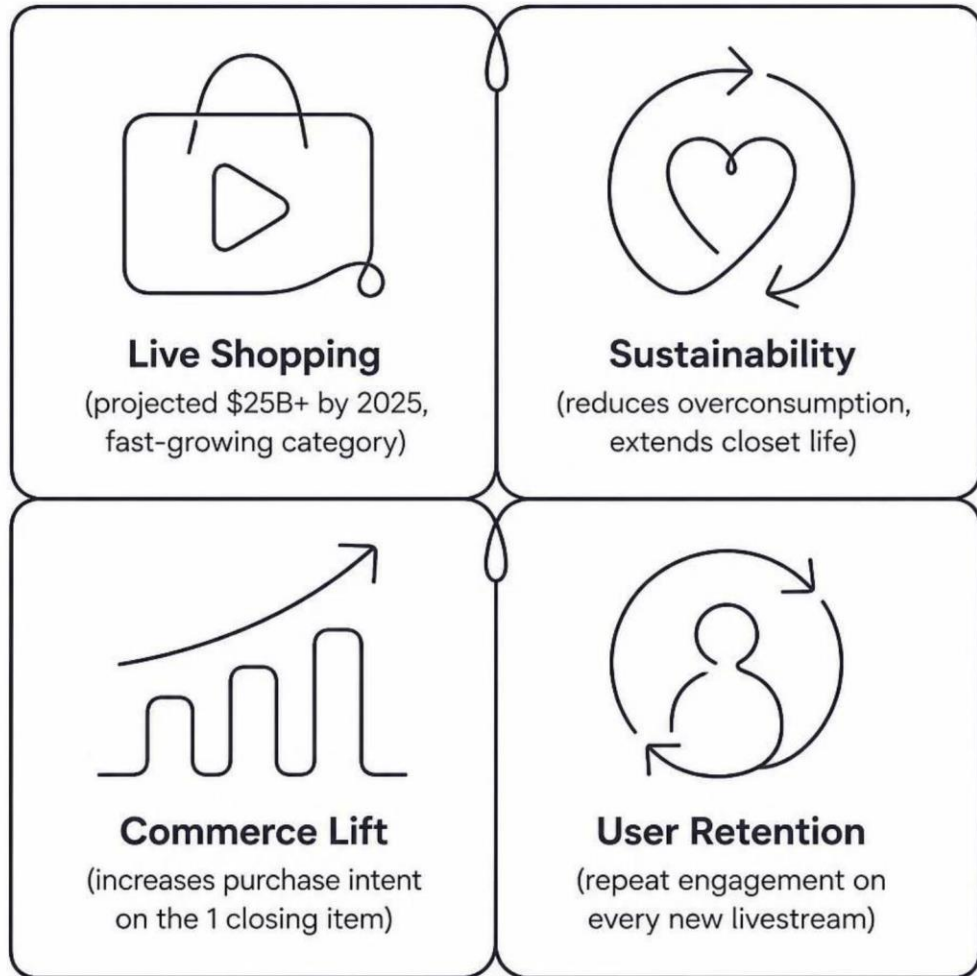

Live video streaming + real-time interactivity

Google Gemini API

Multimodal outfit detection + attribute extraction

Market & Impact

A Market Ready to Move

Live shopping is exploding. Consumers want smarter, **more sustainable** ways to engage.

CloseTheLook sits at the intersection of **entertainment, AI, and conscious commerce** — capturing high-intent buyers at the exact moment of inspiration.

📌 \$25B+ live shopping market by 2025

CloseTheLook

Idol Look → Your Closet → Final Look
